Tentative 2021 VT Run Class Schedule

<https://www.schedulicity.com/scheduling/RSDX2VJ>

Please note – this is Tentative and may be changed due to the equipment required for Chances, weather conditions, or because a particular course offers an excellent learning opportunity for our class prior to the runs.

Emphasis will always be on the “Contact”-based classes in Ring 1, we will look to offer as many Jumpers as possible in Ring 2 ... both of these preferences are because we don't get to run those classes very much in our small space during the winter months.

Changes will be announced as new course maps are published on the NADAC website and we have had an opportunity to review extra opportunities to run classes that the group prefers. Keep an eye on our Facebook Page at <https://www.facebook.com/RockSolidDog>
